Hello Willy,

We completely understand and would like the opportunity to share details over the phone as we work on a plan together. Do you have time to connect with Todd and I tomorrow (5/15) at 3:00pm PST?

Thank you,

Darren, I appreciate the communication, but honestly this is more of the same, without giving me any clarity.  
Still willing to work with you but we need to see some commitment as I had emailed you last week. Perhaps there is another means of making me feel secure if you can't close the deal in the next day or two.  
The last thing I want to do is declare you in default of your contractual obligation and have to start with lawyers, which is in neither of our interests.  
This is a final request. Need to get clarity today.  
I am willing to be flexible, but you can understand that I need more security at this stage.  
Please let's get this done.. Let me know...

Good morning Willy

I'm told that I won't have an update until tomorrow on the timeline. Once the month is closed however I do want the machines ASAP so will continue to push the payment for the last set of machines.

I didn't hear back from anyone on Friday.  
Have you determined when the balance of the machines will be moving out?  
I recall in previous discussions that you had said you must have these machines moved out by April 30<sup>th</sup>.  
We need to move these machines. I would like to get a firm response as to why this is being delayed and when payment will be finalized.  
It is unjust to request extension of payment without giving us information on a new ship date.  
Please respond today.

Good morning Willy,

I'm am very sorry for the delayed reply. I have been in Indiana working to ensure that all the machines are unboxed and started. Todd has been at a Microcap convention in Las Vegas as a speaker this week so we both have been out of pocket. We expect to be able to talk today about the timing of the financing for the 600 machines. I have power and rack space to start them immediately so I want them right away. I expect that we are looking at early next week but please let me connect with Todd today and get back with our final plan.

Thank you again for understanding and I'm so sorry for the delay.
